WELCOME BACK TO SCHOOL!!

Welcome back to school - truly the best time of year. I hope that everyone had a great summer and an opportunity to rest, relax, and reflect. I am excited that our new school year is just around the corner. The district staff and year-round employees have

been working diligently over the summer to prepare for an outstanding start of the 2017/18 school year. I would like to extend a heartfelt thanks to all of them for their efforts and collaboration.

This summer, Big Park Community School submitted its application for International Baccalaureate (IB) candidacy. The teachers, staff, students, and community are working collaboratively to be recognized with the distinction of becoming an IB World School. Additionally, West Sedona School enters into the 2017-2018 school year with Advanced STEM Certification driving its curriculum. West Sedona School is one of only two schools in the State of Arizona to have earned the distinction of this specialized certification. In order to achieve this vision, we need to hold high expectations of our students and of each other. We have to approach challenges with a problem-solving, growth-oriented mindset. We have to be collaborative - working together, not in isolation. We must always remember that the future of our students rests with all of us! This makes the stakes high!!

I am so eager to embark on the 2017/18 school year! I am looking forward to a year filled with learning, growth, and achievement for every student. I extend my gratitude in advance for the great things to come as we start this journey together for the benefit of our students and community.

ACHIEVEMENT ASSESSMENTS

AZMERIT

AzMERIT will be administered to students in Grades 3 through high school in English Language Arts and Mathematics at their grade level. Students taking high school level English Language Arts and Mathematics will take AzMERIT End-of-Course assessments that will test their proficiency in these subjects near the end of the course. Students enrolled in high school level course work that qualify for EOC testing prior to being enrolled in high school are not required to take the grade level test.

For School Year 2017-2018, there will be three AzMERIT testing windows: Summer 2017 EOC, Fall 2017 EOC, and Spring 2018 (grades 3-8 and EOC). Summer 2017 EOC and Fall 2017 EOC will only be available as a Computer-based test. Spring 2018 will be available for both Computer-Based and Paper-Based.

Students should participate in the appropriate AZMERIT EOC test(s) during the semester they are on track to complete, a one credit course aligned to one of the first three years of English credits or one of the first three years of mathematics credits required for high school graduation.

For both Computer-Based and Paper-Based testing:

- Grades 3 8 Day 1 must be the writing.
- EOC ELA Day 1 must be the writing.
- Reading and Math do not have to be administered on the same day.
- When two test sessions are scheduled on the same day, there must be a break between sessions.
- AzMERIT is untimed. The upper end of the suggested time for a testing session is the estimated time needed for at least 95% of students to complete the session. A test session must be completed by the end of the school day.

REPORTING CHILD ABUSE / CHILD PROTECTION

Any school personnel or any other person who has responsibility for the care or treatment of a minor and who reasonably believes that a minor is or has been the victim of physical injury, abuse, child abuse, a reportable offense or neglect that appears to have been inflicted upon the minor by other than accidental means or that is not explained by the available medical history as being accidental in nature or who reasonably believes there has been a denial or deprivation of necessary medical treatment or surgical care or nourishment with the intent to cause or allow the death of an infant who is protected under A.R.S. 36-2281 shall immediately report or cause reports to be made of such information to a peace officer or to the Child Protective Services (CPS) of the Department of Economic Security, except if the report concerns a person who does not have care, custody, or control of the minor, the report shall be made to a peace officer only. Such reports shall be made immediately by telephone or in person and shall be followed by a written report within seventy-two (72) hours. Pursuant to A.R.S. 13-3620, such reports shall contain:

- The names and addresses of the minor, the parents, or the person or persons having custody of such minor, if known.
- The minor's age and the nature and extent of the minor's abuse, child abuse, or physical injuries or neglect, including any evidence of previous abuse, child abuse, physical injury or neglect.
- Any other information that such person believes might be helpful in establishing the cause of the abuse, child abuse, physical injury or neglect.

A person who furnishes a report, information, or records required or authorized under Arizona Revised Statutes or a person who participates in a judicial or administrative proceeding or investigation resulting from a report, information or records required or authorized under Arizona Revised Statutes is immune from any civil or criminal liability by reason of that action unless such person has acted with malice or unless such person has been charged with or is suspected of abusing or neglecting the child or children in question.

A report is not required under A.R.S. 13-3620 for conduct prescribed by A.R.S. 13-1404 and 13-1405 if the conduct involves only minors who are fourteen (14), fifteen (15), sixteen (16) or seventeen (17) years of age and there is nothing to indicate that the conduct is other than consensual.

A report is not required if a minor is of elementary school age, the physical injury occurs accidentally in the course of typical playground activity during a school day, occurs on the premises of the school that the minor attends and is reported to the legal parent or guardian of the minor and the school maintains a written record of the incident. The school will maintain a written record of the physical injury as part of the student's health file as required by Arizona State Library, Archives and Public Records (ASLAPR).

A person who fails to report abuse as provided in A.R.S. 13-3620 is guilty of a class 1 misdemeanor, except if the failure to report involves a reportable offense, the person is guilty of a class 6 felony.

Any certificated person or Governing Board member who reasonably suspects or receives a reasonable allegation that a person certificated by the Department of Education has engaged in conduct involving minors that would be subject to the reporting requirements of A.R.S. 13-3620 shall report or cause reports to be made to the Department of Education in writing as soon as is reasonably practicable but not later than three (3) business days after the person first suspects or receives an allegation of the conduct.

Any school employee who has orally reported to CPS or a peace officer a reasonable belief of an offense to a minor must provide written notification to the principal of the oral report not later than the next workday following the making of the report.

The Superintendent shall communicate the above to all employees of the District at the beginning of each school year and to newly hired employees as part of the hiring process.

The Superintendent shall establish which technologies are approved for use by employees to communicate with parents and students. Approved technologies shall be communicated to the Board and employees prior to the start of every school year, to newly elected Board members prior to taking office, and to newly hired employees as part of the hiring process.

The Superintendent shall determine which records retention and management guidelines as established by the Arizona State Library, Archives and Public Records are applicable to this Board policy and communicate these guidelines to the Board and employees prior to the start of every school year, to newly elected Board members prior to taking office, and newly hired employees as part of the hiring process.

Violations of this policy may result in disciplinary action up to and including termination and may constitute a violation of federal or state law in which case appropriate law enforcement shall be notified. The Superintendent shall report violations of this policy to the Board and shall make reports to the appropriate law enforcement agency when determined necessary.

The District may provide electronic information services (EIS) to qualified students, teachers, and other personnel who attend or who are employed by the District. Electronic information services include networks (e.g., LAN, WAN, Internet), databases, and any computer cessible source of information, whether from hard drives, tapes, compact disks (CDs), floppy disks, or other electronic sources. The use of the services shall be in support of education, research, and the educational goals of the District. To assure that the EIS is used in an appropriate manner and for the educational purposes intended, the District will require anyone who uses the EIS to follow its guidelines and procedures for appropriate use. Anyone who misuses, abuses, or chooses not to follow the EIS guidelines and procedures will be denied access to the District's EIS and may be subject to disciplinary and/or legal action.

The Superintendent shall determine steps, including the use of an Internet filtering mechanism, that must be taken to promote the safety and security of the use of the District's online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. Technology protection measures shall protect against Internet access by both adults and minors to visual depictions that are obscene, child pornography or, with respect to use of computers by minors, harmful to minors. Safety and security mechanisms shall include online monitoring activities.

As required by the Children's Internet Protection Act, the prevention of inappropriate network usage includes unauthorized access, including "hacking," and other unlawful activities; unauthorized disclosure, use and dissemination of personal identification information regarding minors.

It is the policy of the Board to:

- prevent user access over the District's computer network, or transmissions of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications;
- prevent unauthorized access and other unlawful online activity;

- prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and
- comply with the Children's Internet Protection Act [P.L. No. 106-554 and 47USC 254(h)].

Each user will be required to sign an EIS user's agreement. The District may log the use of all systems and monitor all system utilization. Accounts may be closed and files may be deleted at any time. The District is not responsible for any service interruptions, changes, or consequences. The District reserves the right to establish rules and regulations as necessary for the efficient operation of the electronic information services.

The District does not assume liability for information retrieved via EIS, nor does it assume any liability for any information lost, damaged, or unavailable due to technical or other difficulties.

Filtering and Internet Safety

As required by the Children's Internet Protection Act, the District shall provide for technology protection measures that protect against Internet access by both adults and minors to visual depictions that are obscene, child pornography, or, with respect to use of the computers by students, harmful to students. The protective measures shall also include monitoring the online activities of students.

Limits, controls, and prohibitions shall be placed on student:

- Access to inappropriate matter.
- Safety and security in direct electronic communications.
- Unauthorized online access or activities.
- Unauthorized disclosure, use and dissemination of personal information.

Education, Supervision and Monitoring

It shall be the responsibility of all District employees to be knowledgeable of the Board's policies and administrative guidelines and procedures. Further, it shall be the responsibility of all employees, to the extent prudent to an individual's assignment to educate, supervise, and monitor appropriate usage of the online computer network and access to the Internet in accordance with this policy, the Children's Internet Protection Act, and the Protecting Children in the 21st Century Act.

The Superintendent shall provide for appropriate training for District employees and for students who use the District's computer network and have access to the Internet. Training provided shall be designed to promote the District's commitment to:

- the standards and acceptable use of the District's network and Internet services as set forth in District policy;
- student safety in regards to use of the Internet, appropriate behavior while using, but not limited to, such things as social networking Web sites, online opportunities and chat rooms; and cyberbullying awareness and response; and compliance with E-rate requirements of the Children's Internet Protection Act.

While training will be subsequently provided to employees under this policy, the requirements of the policy are effective immediately. Employees will be held to strict compliance with the requirements of the policy and the accompanying regulation, regardless of whether training has been given.

The Superintendent is responsible for the implementation of this policy and for establishing and enforcing the District's electronic information services guidelines and procedures for appropriate technology protection measures (filters), monitoring, and use.

In addition, acceptable use for District employees is extended to include requirements to:

- Maintain supervision of students using the EIS.
- Agree to directly log on and supervise the account activity when allowing others to use District accounts.
- Take responsibility for assigned personal and District accounts, including password protection.

OVERVIEW

By far, the most important federal statute impacting student records is the Family Educational Rights and Privacy Act (FERPA), which was enacted in 1974 to ensure student/parent access to education records and limit disclosures to others for unauthorized purposes. The FERPA regulations are found in Title 34 of the Code of Federal Regulations, Part 99 (34 CFR 99). The FERPA Regulations are important because they set forth the basic federal records retention and destruction requirements. The records of students with disabilities will also be subject to the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act and regulations. Finally, but certainly not least, is school district policy and procedure. Most schools will have their own requirements setting forth access procedures, copying fees, form of records, retention, and destruction schedules. The following is general information regarding school district and charter school responsibilities.

DEFINITIONS—RECORDS/CONFIDENTIALITY

Directory Information: information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to, the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended.

Disclosure: to permit access to or the release, transfer, or other communication of education records—or the personally identifiable information contained in those records—to any party, by any means, including oral, written, or electronic means.

Education Records: those records that are directly related to a student, contain personally identifiable information, and are maintained by the school district or institution or by a party acting for the agency or institution. The term does not include sole possession records of instructional, supervisory, and administrative personnel, provided that the record is kept in the sole possession of the maker of the record and is not accessible or revealed to any other person except a temporary substitute for the maker of the record.

Eligible Student: a student who has reached age of majority or is attending an institution or postsecondary education.

Records: any information recorded in any way including, but not limited to, handwriting, print, film, microfilm, microfiche, and all electronic records such as email, CD, and or DVDs.

FERPA BASICS—EDUCATION RECORDS

The following are basic issues when dealing with educational records:

- 1. FERPA is the Family Educational Rights and Privacy Act; the law outlines the requirement of educational record keeping.
- 2. Personally identifiable information about students must be kept confidential by the school district.
- 3. Each school district must have a written educational records policy.
- 4. Parents have the right to inspect and review their children's school records and can request copies.
- 5. Parents may request an amendment of records that they consider "inaccurate, misleading, or in violation of the student's rights of privacy or other rights."
- 6. Notes concerning a student made by a staff member, retained by that person, and not shared with anyone are exempt from parental access.
- 7. Access to student records by school staff members must be recorded on an "access" log in each student's file, and the school records policy must identify by title the staff members with access to each type of student record.
- 8. Release of student information outside the school requires parental consent, except (1) school district defined "directory information," (2) within the public school system, and (3) in health and safety emergencies.
- 9. Parental access rights transfer to adult students when they reach age of majority.
- 10. Education records do not include treatment records of students 18 years or older that are maintained by a health professional.

WHY FERPA WAS ENACTED

- I. Schools had denied parents access to their children's school records while allowing others, like government agents and prospective employers, access.
- Types of information contained in school records were, in many cases, inaccurate. Information
 was not always confined to fact or derived for educational purposes; innuendo and gossip were
 often noted.
- 3. Right of access to students' school records varied widely from State to State, controlled largely by common law principles, rudimentary case law, and school policy.

FERPA AND CONFIDENTIALITY

FERPA was enacted to ensure the confidentiality of personally identifiable information in education records and to guarantee parents access to their children's education records. The statute defines "education records" that are subject to its requirements, specifies who can see them and under what conditions, and contains procedures for complaints.

Any school district or institution receiving funds under any federal program is subject to FERPA. All public elementary and secondary schools, charter schools, institutions of postsecondary education, and many private schools are subject to FERPA.

AGE OF MAJORITY

When a student reaches age of majority, the rights accorded to, and consent required of, parents under FERPA transfer from the parents to the student. (FERPA 99.5)

SCHOOL DISTRICT REQUIREMENTS

Each school or educational agency must do the following:

- 1. Adopt an education records policy and implement procedures that meet the standards of FERPA 99.6.
- 2. Annually notify parents and students in attendance of their rights pertaining to student records according to FERPA 99.7.
- 3. Maintain a permanent file on each student.
- 4. Maintain special education records.

- 5. Provide public notice of directory information and provide parents an opportunity to refuse to disclose such information.
- 6. Provide annual training to school staff on records and confidentiality.

ACCESS RIGHTS

The school shall permit a parent to inspect and review the education records of the student. The school shall comply with a request for access to records within a reasonable period of time but in no case more than 45 days after it has received the request.

FEES

A school may charge a fee for a copy of an education record unless the imposition of a fee effectively prevents a parent from exercising the right to inspect and review the student's education records.

PRIOR CONSENT REQUIRED FOR DISCLOSURE

The parent shall provide a signed and dated written consent before a school discloses personally identifiable information from the student's education records, except as provided in FERPA 99.31.

PRIOR CONSENT NOT REQUIRED FOR DISCLOSURE

A school may disclose personally identifiable information from an education record of a student without the written consent of the parent if the disclosure is

- 1. To officials of another school or institution in which the student seeks to enroll provided that the school has a notice in its policies that it forwards education records on request to a school in which the student seeks or intends to enroll:
- 2. For directory information if the school has given public notice to parents of students in attendance of the types of information that the school has designated as directory information—a parent has the right to refuse to let the agency or institution designate any or all of those types of information about the student as directory information;
- 3. To organizations conducting studies for or on behalf of educational agencies or institutions to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction provided that the personally identifiable information is destroyed when no longer needed for the purposes for which the study was conducted; and/or
- 4. To comply with a judicial order or lawfully issued subpoena if the school or institution makes a reasonable effort to notify the parent of the order or subpoena in advance of compliance.

RECORD OF ACCESS

A school shall maintain a record of each request for access to and each disclosure of information from the education records of each student. The record must include the date of access, the person's name, and the purpose for accessing the record. (See an example on page 23 or Section C.)

A record of access does not apply if the request was from or the disclosure was to the parent, eligible student, authorized school official, a party with written consent from the parent, or a party seeking directory information.

DISCLOSURE TO FEDERAL AND STATE OFFICIALS

Authorized federal and State officials may have access to education records in connection with a monitoring or evaluation of federal or State supported education programs or for the enforcement of or compliance with federal legal requirements that relate to those programs. (FERPA 99.35)

DISCLOSURE FOR HEALTH AND SAFETY

A school may disclose information from an education record to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. (FERPA 99.36)

AMENDMENT

When a parent believes the information contained in the student's education record is inaccurate, misleading, or in violation of the privacy or other rights of the student, the parent may ask the school to amend the record. If the school decides not to amend the record, the parent shall be informed of their right to request a hearing under FERPA 99.21, 99.22.

RECORD DESTRUCTION

FERPA does not address how long records should be kept. School districts can establish their own policy and procedures. A standard is five to seven years after the student exits the educational program.

A school district must destroy personally identifiable information at the parent's request when that information is no longer needed to provide educational services. This can be accomplished by removing personal identifiers from retained records. When records are no longer needed for educational purposes, a school may separate them from active files and retain them in a special file with limited access.

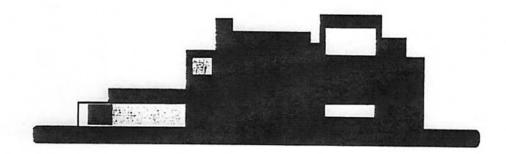

Although largely complementary, IDEA regulations on student records go beyond the requirements of FERPA in some respects. For example, IDEA requires that parents be informed when a school proposes to destroy student records. Parents must be informed of their right to request destruction of information

whenever their child graduates or leaves school, and with certain exceptions, this information must be destroyed at the parent's request. The district may establish specific times, such as IEP meetings, school registration, or program completion, to inform parents that personally identifiable information is no longer required and will be destroyed.

A school district, however, may retain a permanent record of a student's name, address, phone number, grades, attendance record, classes attended, grade level completed, and year completed even over parental objections. Parents can request that their child's record be amended if they feel the contents are misleading or inaccurate. If the school disagrees, the parent can request a hearing. If the parent does not prevail at the hearing, they can ask that a written statement be included in the record that explains their position.

COMPLAINT AND ENFORCEMENT

A person may file a complaint regarding an alleged violation under FERPA by writing the Family Policy Compliance Office, U.S. Department of Education, Washington, D.C. 20202-4605. (FERPA 99.60-99.64)

MISCELLANEOUS INFORMATION

FUND RAISING

- 1. All fund raisers must be approved by the principal and student council. Minutes from the student council meeting approving the fund raiser should be sent to Stacy Saravo at the district office prior to depositing any funds.
- 2. All money from fund raisers, regardless of the grade level, must be handled through the Student Council or an officially recognized club.
- 3. School districts are <u>not</u> sales tax exempt. Therefore, any items purchased for fund raiser resale should include sales tax.
- 4. As a reminder, Raffles are strictly prohibited per State Statute.

NON-DISCRIMINATION/EQUAL OPPORTUNITY

The Board is committed to a policy of non-discrimination in relation to race, color, religion, sex, age, national origin, and disability. This policy will prevail in all matters concerning staff members, students, the public, educational programs and services, and individuals with whom the Board does business. The Superintendent is appointed as the compliance officer.

STUDENT ACTIVITY ACCOUNTS

Student Activity accounts are bound by a **very** stringent set of rules and regulations. The auditors look at these accounts in great detail to insure that everything is done correctly. Please contact the district office if you have any questions or confusion regarding a Student Activity account.

SUBMITTING DEPOSITS TO THE DISTRICT OFFICE

Deposits need to be submitted to the District Office within one day of receiving any funds. A "Deposit Report" form needs to accompany the deposit and specify the account in which the funds are to be deposited. The report should also provide the description/source of the funds and include the school representative's name. If you have any questions call Stacy Saravo at the district office.

GOVERNING BOARD MEETINGS

Governing Board meetings are regularly scheduled for the first Tuesday of each month at 6:00 p.m. All staff members are encouraged to attend. Employees will be notified by e-mail of any changes in this schedule.

"AFTER-THE-FACT" PURCHASE ORDERS

WHAT IS AN AFTER-THE-FACT PURCHASE ORDER?

- · A Purchase Order that is issued after an item has been received/picked up
- · A Purchase Order that is issued after a service has begun or has been completed
- · A preview item that is delivered without a Purchase Order and is then purchased
- · Calling in an order to a vendor prior to receiving a copy of the Purchase Order
- · Sending a purchase requisition to a vendor in advance of receiving a Purchase Order
- Making reservations or scheduling services without a Purchase Order in place

WHY ARE AFTER-THE-FACT PURCHASE ORDERS UNACCEPTABLE?

- · A Purchase Order is the only LEGAL commitment to spend district funds
- A Purchase Order insures that procurement rules have been followed for the purchase and that budget funds have been properly approved and encumbered
- Phoning or faxing in your order with a requisition may lead to double shipments that may have to be billed to your site
- Our auditors will note a "finding" as a violation of procurement rules

WHAT WE CAN AND CANNOT DO

- Wait until you have a valid Purchase Order in hand before ordering any goods or allowing any services to begin
- · Submit consultant service requisitions at least two weeks prior to the start of service
- Contact the purchasing office (6832) directly if you need help expediting an order
- · Do not fax or phone in an order until you have a valid Purchase Order in hand
- · Do not allow any work or service to begin prior to obtaining a Purchase Order
- · Do not order a preview item without a Purchase Order
- Do not make any reservation without a Purchase Order

PLEASE NOTE: A purchase made without a valid Purchase Order in place is a violation of procurement rules, and could result in the employee making the purchase being held personally responsible for the purchase. The district cannot legally make payment on a purchase made, or services rendered, prior to the date on the Purchase Order.

Having a valid Purchase Order in place is the only way to protect both the district and employee. Our office will make every effort to insure that Purchase Orders are issued in a timely and efficient manner.

Thank you for your understanding and cooperation in this sometimes frustrating, but very necessary, process. If you have any questions please contact the Purchasing Department at 204-6832.

Payroll deductions will be made for dependent medical and dental insurance, voluntary vision, and optional life insurance. The first deduction will be on September 8, 2017 (Payroll #5). The last deduction will be taken on June 1, 2018 (Payroll #24).

RETIREMENT

Contributions to Arizona State Retirement are mandatory for employees working at least twenty (20) hours per week. The contribution rate for 2017-2018 is 11.34% for the retirement benefit and .16% for long-term disability insurance. This totals 11.50% of your gross earnings and is deducted on two separate line items on your check stub. The retirement portion is pre-tax dollar and the disability portion is taxable.

OPTIONS

A few of the options available to employees are contributions to a tax-sheltered annuity, supplemental insurance, and direct deposit of your paycheck. Please verify all deductions from your pay - insurance, annuities, savings, etc. If there is any discrepancy in your check, please contact the payroll department at 204-6831, and they will investigate and resolve the matter for you. It would be helpful to have any documentation available beforehand.

CERTIFIED INTENT TO MOVE ON THE SALARY SCHEDULE

April 1st is the deadline for certificated employees to notify the district office of intent to move on the salary schedule. Appropriate forms may be obtained through the school offices, or by phoning the Human Resource Department at 204-6828. Documentation of completed courses is due by September 1st.

EVALUATION AND CONTRACT RENEWAL

The process of evaluation for employees is provided in the policy manual, as revised, under sections GC0 - Evaluation of Professional Staff and GDO - Evaluation of Support Staff.

At the beginning of the school year, the principal shall meet with the school's faculty for the purpose of orienting the teachers to the total evaluation plan. This shall include whether the evaluation is used as a total criterion for establishing a teacher's compensation.

SEDONA-OAK CREEK UNIFIED SCHOOL DISTRICT #9 TIME AND PAY STANDARDS

Classified/Hourly Personnel

The U.S. Fair Labor Standards Act requires every employer to keep time records on their non-exempt classified employees. These time records must include the accurate recording of time worked on a daily basis.

Additional information will be provided at the building site level regarding the proper use of time clocks, as well as the proper procedure to follow for efficient payroll processing. See TimeClock Procedures.

Basis for Pay

Non-exempt employees of SOCUSD#9 will be paid wages on an hourly basis. Hours will be calculated using a positive time keeping system.

Time Clock

SOCUSD#9's 40-hour pay week will begin on Thursday at 12:00 a.m. and end on Wednesday at 11:59 p.m. Wages will be paid bi-weekly on Fridays based on two 40-hour pay weeks.

Accounting for Hours

All non-exempt employees are required to work the number of hours they are hired to work or to account for those hours through the approved leave time in any pay week.

Flex Time

Non-exempt employees may flex their time in a pay week with the approval of their supervisor, but the total hours worked in the pay week cannot exceed the number of hours they are hired to work. Flex time cannot be carried over to a subsequent pay week.

Duty Free Lunch

All non-exempt employees working 6 hours or more per day will be provided a **duty free**, **unpaid** lunch break of 30 minutes. This lunch break will not be scheduled at the beginning or end of a workday and shall not be interrupted by any work requirements. Other breaks are not required but, if given, will be less than 15 minutes and will be paid.

Leave Time

All personal, personal business, and vacation days must be **PRE-APPROVED** by your supervisor.

Overtime

All overtime must have prior approval by your immediate supervisor. Non-exempt employees who work more than 40 hours per week shall be paid at the rate of one and one-half hours for each hour of overtime worked.

Other Leave

Professional leave <u>must</u> include copies of training/registration, etc. Jury duty leave <u>must</u> also include copies of attendance, etc. Bereavement leave; we may request documentation as necessary.

TimeClock Procedures

The District complies with the Fair Labor Standards Act and requires that employees who are compensated on an hourly basis accurately record all hours worked. The procedures noted must be followed in order to ensure that all your hours are recorded by the time clock system for accurate payment of wages.

- 1. Upon reporting to work, immediately "clock-in" on a designated computer. The website address is: https://rs10.tcplusondemand.com/app/webclock/#/EmployeeLogOn/217479 TimeClock Plus 7.0 Any time you report to work you must clock-in.
- 2. Any time you leave work for personal reasons, for the day or a meal break longer than your allotted 30 minutes, you must clock-out. An automatic lunch deduction of 30 minutes has been set up in the TimeClock Plus 7.0 software. (Check with your supervisor to see if you need to clock out for lunch or if the deduction is automatic.)
- 3. In the event that you forget to clock in or out, inform your supervisor and prepare a "Missed Punch" form.
- 4. In the event that you start your workday away from the District, you must record your start time on a Missed Punch Form. This may occur if you are attending a conference and will travel directly from your home to the conference.
- 5. Because the time-clock rounds to the nearest 10 minutes, clock in no more than five (5) minutes before start time and no more than five (5) minutes after the end of your workday.
- 6. In the event that you are not working due to illness, vacation, official leave, etc., it is imperative that you record your absence in the leave program "Smart Find" or fill out an absence request form. If you know in advance you will be out, please enter your leave in Smart Find so that your supervisor can either approve or deny your upcoming leave.
- 7. It is important to clock in and out as required to ensure all hours worked are accurately recorded for payment purposes. Continued and chronic clocking violations will not be tolerated.
- 8. You must have prior approval from your supervisor for any overtime.
- 9. The employee is the only one who is authorized to utilize their employee badge ID. It is considered fraud and grounds for disciplinary action, up to and including termination, for an employee to ask or have someone else clock them in and/or out of the time clock system. Employees who attempt to come in early, stay late, or work during the duty-free lunch period, without clocking in/out, will be subject to disciplinary action.
- 10. Once the employee is approved for employment, a user ID (Badge #) and instructions will be provided to you via your school email and to the front office secretary once you are set up in the system to clock in and out. Until you receive this information, you will need to complete a paper timesheet.

I have read and understand the above information, a	nd have received a copy of this document.
